

COUNTRY INTELLIGENCE

PRODUCT FLYER

CHOOSE THE CONTENT THAT SERVES THE NEED OF YOUR CUSTOMERS.
BENEFIT FROM INTERFACES WE MAINTAIN WITH STRONG PARTNERS.

COUNTRY INTELLIGENCE

OUR CLIENTS CAN CHOOSE THE PROVIDER THAT SERVES THE NEED BEST.

Our customers can benefit from API's we maintain with partner companies who are specialized in data mining and conducting risk assessments.

However, we would be glade to integrate any other source upon your request.

CUSTOMER SPECIFIC CONTENT

The Sentinel Editorial Center enables Corporate Clients to add content to Country Information that is displayed in the report on a company owned chapter.

The software leaves the option to apply the content just to one country, a group of countries, to any country assigned to a specific risk level or to all countries.

USE CASES – COMPANY SPECIFIC CONTENT

COUNTRY SPECIFIC	Instructions for travellers visiting an office location such as how to go from the airport to the office or security registration procedures.
GROUP OF COUNTRIES	Advices regarding business etiquette and behaviour in destinations with different cultural background.
COUNTRIES WITH SAME RISK RATING	Instructions of the security officer regarding security measures required for visiting the destination.
ALL COUNTRIES	General travel advices

MULTILINGUAL TRANSLATION SERVICE

We work with one of the world's leading translation engine. With consent from the information provider we can make any information processed in the system available in 9 languages.
